CARACTERISTICS

SPECTRA BIFACIAL TOPCON 150 W RIGID SOLAR PANEL

Réf. **PERCBIF150W**

Dangerous material : non
Weight : 6,30 kg.
Catalog page : 255

- Dimensions : 775 x 942 x 35
- Thickness : 35 mm
- Protection rating : IP68 with 2 Bypass diodes
- Maximum current : 6,84 A
- Length : 942 mm
- Weight : 8.3 kg
- Depth : 35 mm
- Max. power : 150 W
- Width : 775 mm
- Short-circuit current : 6.84 A
- Maximum voltage : 1000 (IEC)
- Type of solar panels : rigid
- Voltage at max power Vmpp : 22.75 V
- Current at max power Impp : 6.59 A
- Open circuit voltage Voc : 25.68 V

SPECIFICATION

Discover Marlec's new range of Spectra Bifacial solar panels, double-sided modules that generate solar energy on both the front and back. This allows them to capture more sunlight and produce up to 30% more energy than monocrystalline panels. The range comes in framed and flexible panels, both of which are lightweight, robust and easy to install, making them ideal for caravans, boats, off-grid sites and much more. With Marlec's Spectra Bifacial solar panels, benefit from an energy-efficient solution to your renewable energy needs.
