SPECIFICATION

Discover the Green Pin® EN1677-1 connecting link, designed in accordance with European standards for sling components (EN 1677-1) and classified as Grade 80. Easy to assemble with a simple hammer, this connecting link enables quick connection of eye hooks, eye swivels and head links to Grade 80 chains. Its spring-loaded ring secures the pin between the half-links. Available in a range of sizes from 6 mm to 32 mm, the Green Pin® EN1677-1 connecting link adapts to a variety of Grade 80 chains.
