SPECIFICATION

Discover the Green Pin BigMouth® BN lyre shackle, a state-of-the-art solution designed to meet the most demanding lifting and fastening requirements. Made from Grade 80 steel, this bolt-on shackle has a wide centre-to-centre distance, offering exceptional versatility for connecting to fixing points such as eyelets or unusually large pad eyes.

Safety is paramount, which is why the Green Pin BigMouth® BN shackle features a double locking system: a split pin combined with a bolted pin, ensuring that accidental unscrewing cannot occur. What's more, its galvanised coating ensures protection against corrosion and long-term durability, even in the most demanding environments.

Certified to the most stringent standards, the Green Pin BigMouth® BN lyre shackle is suitable for a wide range of applications, and can be used with both single-strand and multi-strand slings. Available in several models, with maximum loads ranging from 4.75 to 75 tonnes, it offers a tailor-made solution for every lifting requirement. Reliable, robust and versatile, the Green Pin BigMouth® BN lyre shackle is the ideal choice for your most demanding lifting operations.
