

WPC Combi 24/3500 90 A - 230 V / 50-60 Hz - single AC input

Réf : **WP60201302**

The WhisperPower Centre is the ultimate inverter/charger for multifunctional energy systems. It stands out as one of the most efficient and powerful inverters available on the market. The WPC can be paired with a WhisperPower SQ, SC, or Genverter AC generator using the generator input. The AC outputs can be connected in parallel, allowing for generator-powered supply or a combination of generator power complemented by the inverter's power.

CARACTERISTICS

WPC COMBI 24/3500 90 A - 230 V / 50-60 HZ - SINGLE AC INPUT

Réf. **WP60201302**

Dangerous material : non
Weight : 34,00 kg.
Catalog page : 269

- Charge current : 90 A
- Frequency : 50 Hz / 60 Hz (1) +/- 0.05% (crystal controlled) Hz
- Model : WPC-3500-24
- Weight : 28 kg
- Depth : 150 mm
- Power : 3500 VA
- Max. power : 9000 VA
- Height : 510 mm
- Width : 330 mm
- Output voltage : 230 V AC
- Type of seal : IP21

SPECIFICATION

- Combined charger and sine wave inverter
- Power support function (smart-boost)
- Highly efficient (93-96%)
- Superior start-up power
- Dual input: generator and grid/shore input
- Dual output: High power & inverter output
- Seamless AC source switching
- Available for 12, 24 and 48 VDC
