

WPC Combi 48/4000 50 A - 120 V / 60 Hz - single AC input

Réf : **WP60201313**

The WhisperPower Centre is the ultimate inverter/charger for multifonctional energy systems. It is one of the most efficient and powerful inverters available on the market (94% yield, peak capacity 300%). The WPC can be paired to any WhisperPower SQ, SC or Genverter AC generator using the generator input. The AC outputs can then be connected in parallel allowing the generator power or mains connection to be supplemented with the power from the inverter.

CARACTERISTICS

WPC COMBI 48/4000 50 A - 120 V / 60 HZ - SINGLE AC INPUT
Réf. **WP60201313**

Dangerous material : non
Weight : 10,50 kg.

- Protection rating : IP21
- Model : WPC 48 V / 4000 VA – 50 A
- Weight : 28 kg
- Depth : 150 mm
- Power : 4000 W
- Height : 510 mm
- Width : 330 mm
