PONANT LED deck light 230 V - 316L stainless steel body - 3000 lm - 25 W

Réf : **PPIL23025-60HZ**

French-made Led deck floodlights, meeting EMC requirements. PONANT, an outdoor floodlight, is specially designed with a painted 316L stainless steel body and stainless steel fittings. Unlike floodlights with a single central LED, it offers a particularly wide beam pattern, perfect for providing effective illumination under gantries.
