Réf. **IAB03**

Dangerous material : non
Weight : 0,30 kg.
Catalog page : 52

- Built-in diameter : 80 mm
- Overall diameter : 100 mm
- Scale : 45-0-45 °C
- Protection rating : IP67

SPECIFICATION

The same dial performs 2 functions, master or slave. The instrument connected directly to the sensor acquires the signal, converts it to CAN bus and transmits it to the other instrument, which operates in repeater mode.
Automatic calibration function :

- By pressing the 2 buttons on the back of the indicator while manoeuvring the rudder from port to starboard, the instrument calibrates itself automatically.
- The data is stored in its permanent memory
