SPECIFICATION

Full control of your on-board electrical system with WhisperCare!

OctoControl module collects real-time information from your WhisperPower system, processes it and displays it on your OctoView Touch monitor, a third party MFD or in the WhisperCare 2.0 cloud interface. With its new in-house developed WhisperCare 2.0, WhisperPower has taken the next step towards secure, robust, easily accessible and cost-eff ective remote monitoring. Security and compliance are important to WhisperPower, the highest standards have been incorporated in the design. The
