CARACTERISTICS

SPECTRA BIFACIAL TOPCON 400 W RIGID SOLAR PANEL

Réf. **PERCBIF400W**

Dangerous material : non
Weight : 22,00 kg.
Catalog page : 255

- Dimensions : 1690 x 1106 x 40 mm
- Thickness : 40 mm
- Protection rating : IP68 with 2 Bypass diodes
- Length : 1690 mm
- Weight : 21 kg
- Depth : 40 mm
- Max. power : 400 W
- Width : 1106 mm
- Short-circuit current : 6.34 A
- Maximum voltage : 1000 (IEC)
- Type of solar panels : rigid
- Voltage at max power Vmpp : 67.3 V
- Current at max power Impp : 5.94 A
- Open circuit voltage Voc : 78.8 V

SPECIFICATION

Discover Marlec's new range of Spectra Bifacial solar panels, double-sided modules that generate solar energy on both the front and back. This allows them to capture more sunlight and produce up to 30% more energy than monocrystalline panels. The range comes in framed and flexible panels, both of which are lightweight, robust and easy to install, making them ideal for caravans, boats, off-grid sites and much more. With Marlec's Spectra Bifacial solar panels, benefit from an energy-efficient solution to your renewable energy needs.
