HORIZONTAL WINDLASS FYN 24 V 1700 W WITH DRUM – 10 MM DIN766

Réf. **FY172410D7**

Dangerous material : non

Weight :

- Boat length : < 17 m
- Weight : 35 kg
- Power : 1700
- Hauling speed : 14 m/min
- Lift force : 260 kg
- Pull-out force : 1700 kg
- Chain diameter : 10 mm
- Material : Anodised aluminium
- Drum : with
- Type of windlass : Horizontal

SPECIFICATION

These aluminium windlasses, with an anodised aluminium body, are designed for maximum performance and durability. The horizontal configuration of the headstock and spool ensures smooth, efficient handling. The device comes complete with a sprocket locking handwheel and relay, making it easy to install and use.

Designed for intensive use, this gearbox is particularly recommended for boats up to 17 metres in length. With its robust construction and high-quality components, it guarantees optimum reliability and efficiency for demanding sailors.
