Réf. **WP60201080**

Dangerous material : non
Weight : 0,80 kg.

- Dimensions : 170 x 168 x 43.5 mm
- Model : Supplied with 2 m cable (max. 50 m)
- Weight : 0.8 kg

SPECIFICATION

The WPC-RCC control panel offers complete supervision of the system and optimum adaptation to specific needs, thanks to a multitude of parameters available on the WPC Combi and WPC SunTracks. Thanks to its digital display, the WPC-RCC provides clear, detailed information on the status of the system in the language chosen by the user.

This intelligent device memorises events that have occurred in an installation, enabling future problems to be anticipated and prevented. In addition, the control panel is equipped with an SD card reader, making it easy to save settings and load various presets and future updates.

With the WPC-RCC control panel, you benefit from simplified, efficient management of your system, ensuring optimum performance and easy preventive maintenance.
