SPECIFICATION

This boarding ladder is designed with hard European beechwood treads, offering enhanced durability and safety. The ergonomic treads, with rounded edges and a specially designed non-slip surface, ensure a firm and comfortable grip, even in wet conditions.

High-visibility spacers made from durable plastic add to the ladder's robustness, making it even safer to use. With its robust design and advanced safety features, this boarding ladder is an ideal choice for any situation requiring safe and reliable on-board access.
