SPECIFICATION

The Adalit L1 penlight is a professional lighting solution designed for demanding environments, including potentially explosive atmospheres. ATEX ZONE 0/20 certified, this lamp offers optimum safety in hazardous areas. It is equipped with a high-intensity LED delivering 100 lumens, providing clear visibility in the most difficult conditions.

Made from ultra-resistant thermoplastic resin, the Adalit L1 is designed to withstand impacts, extreme temperatures and corrosion. Its lightweight, versatile design means it can easily be carried in a pocket or attached to a helmet thanks to the universal adapter included. A neodymium magnet integrated into the body of the lamp enables it to be securely attached to any metal surface, offering great flexibility of use.

Supplied with two LR03 AAA batteries, the Adalit L1 is ready to use, ideal for professionals who need reliable, robust lighting in extreme conditions.
