- Weight : 3 kg

Dangerous material : non
Weight : 2,88 kg.

SPECIFICATION

The turntable adaptor is the essential accessory for your lifting operations. Designed to connect the arms of a 4-point cross beam, it can easily be converted into a 2-point beam. With a maximum lifting capacity of 10,000 kg and a light weight of just 3 kg, this adapter is perfect for balancing loads between one or two lifting points. CE approved, it guarantees safety and reliability.
