SPECIFICATION

High-performance PVC hose designed for marine applications, including washing decks and marine equipment. Its anti-twist structure with synthetic textile reinforcement ensures excellent flexibility and durability in demanding environments.

- Inner tube: Smooth, non-toxic, algae-resistant PVC
- Reinforcement: High-strength, anti-torsion synthetic textile fibre
- Outer coating: White PVC, resistant to marine agents, detergents and chemicals
- Surface: Extruded smooth for ease of handling
- Temperature range: -10°C to +60°C
