CARACTERISTICS

FLEXIBLE BATTERY CABLE - 35 MM² - RED

Réf. **CBR35C25MC7**

Dangerous material : non
Weight : 7,50 kg.
Catalog page : 288

- Units in box : Coil
- Diameter : 12 mm
- External diameter : 12 mm
- Length : 25 m
- Model : P201998
- Weight : 0.41 kg/m
- Color : Red

SPECIFICATION

This extra-flexible single-inverter battery cable is designed to ensure efficient power transmission with optimum flexibility. It is available in black and red, to suit different installation standards. Packaged in coils of 25 m or 100 m depending on the cross-section, it is perfectly suited to automotive, industrial and marine applications. Its high-quality insulation guarantees excellent resistance to mechanical and environmental stress.
