SPECIFICATION

With its IP67 rating, it is splashproof. You can choose between 24VDC or 230VAC for easy installation without the need for a screwdriver. UL94 V0 quality plastics ensure minimal flammability. What's more, as an option, you can control emergency lighting with 24VDC or 230VAC. CARN is both robust and energy efficient, offering considerable maintenance savings as it eliminates the need to replace ballasts or fluorescent tubes.
