SPECIFICATION

Compact, robust, high-performance searchlights for demanding marine environments.
Available in several configurations (with or without column, with handle or fixed), the 180 series offers great installation flexibility for all types of vessel.

- 10-32V LED technology: powerful lighting, low power consumption
- Brushed stainless steel body: high resistance to marine corrosion
- Wide angle of inclination: ideal for installation at height
- Direct or remote control: fast, precise handling
- IP56 protection: designed for harsh outdoor environments
