SPECIFICATION

The Glamox CL series features professional-grade HMI searchlights designed for maritime use. Available in three models (CL25, CL35, CL38), these lights deliver up to 130,000 lumens and a beam reach of over 6,000 meters at 1 lux, combining extreme brightness with energy efficiency.

Each model can be ordered:

as a standalone searchlight

or as a complete package including the searchlight, operator panel, electrical control box, and 30 meters of power and signal cable.

Key features:

- Unlimited movement for superior coverage

- Marine-grade materials (316L stainless steel)
- Intelligent Luminell 3G control system with network support
- Available in standing or hanging configurations
- Wide focus range
- Optional IR thermal camera, UV light, or Arctic-grade variant
- FiFi-compliant and IEC 60533 certified for bridge and open deck

Built on over 20 years of proven design, the CL series offers long-term durability, maintenance-free operation, and seamless integration into vessel systems.
