SPECIFICATION

The **Petzl Pixa Z0** is an **ATEX Zone 0 certified headlamp**, specifically designed for professionals working in industry, maintenance, and explosive atmospheres. Combining **robustness, waterproofing, and ease of use**, it delivers safety, reliability, and performance in the most demanding environments.

ATEX CERTIFIED FOR EXPLOSIVE ATMOSPHERES
The Pixa Z0 meets the strictest international standards with its certifications:

- **ATEX Zone 0 (II 1 G Ex ia IIC T4)**
- **HAZLOC (Class I Div 1 A, B, C, D T4)**
- **IECEx (Gas: Ex ia IIC T4 Ga)**

Its antistatic headband and accessories are also certified for use in explosive atmospheres, ensuring maximum safety for industrial applications.

BUILT FOR TOUGH INDUSTRIAL USE
Engineered for intensive and challenging tasks, the **Petzl Pixa Z0** is:

- shock-resistant (IK08), drop-resistant up to 2 meters, and crush-resistant up to 80 kg,
- **IP68 rated**: waterproof to -2 m for 1 hour and fully dustproof,

- resistant to certain chemical products, extending durability in harsh environments.

CONSTANT AND POWERFUL LIGHTING

Equipped with **Constant Lighting technology**, the headlamp maintains stable brightness throughout its burn time. With up to **350 lumens in Boost mode**, a wide beam for close-range work, and a mixed beam for movement, the Pixa Z0 provides **versatile and reliable illumination** adapted to any work situation.

PRACTICAL AND USER-FRIENDLY DESIGN

Every detail of the **Pixa Z0** is designed for professional use:

- single **rotary switch**, operable even with gloves,
- **tiltable plate** for precise beam orientation,
- **battery charge indicator** at start-up and shutdown,
- **180° rotating system** protects the lens during storage and transport,
- delivered with a **Slot Adapt mounting plate**, allowing quick installation on Petzl helmets with side slots.

KEY BENEFITS

The **Petzl Pixa Z0** is more than just a headlamp – it is a **reliable safety tool** for professionals working in hazardous areas. Its ATEX certification, rugged construction, and ergonomic design make it the go-to choice for industry, maintenance, and demanding professional applications.
