- Capacity : 250 Ah
- Length : 262 mm
- Weight : 35 kg
- Height : 273 mm
- Width : 181 mm
- Battery technology : AGM

SPECIFICATION

The **Rolls AGM-S VRLA battery** delivers **genuine deep cycle performance**, increased capacity, and an extended cycle life. Built in a rugged, sealed ABS case that resists shock and vibration, it is designed for demanding **off-grid**, **grid-tied**, and **backup power** applications.

Key features:

- Sealed construction for maximum safety
- New high-density active paste for superior efficiency
- Heavy-duty thick plates for extended durability
- Rugged ABS case and cover
- Excellent **corrosion resistance**
- Maintenance-free, spill-proof and leak-proof
- Self-regulating pressure release valves
- Low self-discharge rate (only 3% per month)

- Faster recharging time

Engineered for **reliability, safety, and long-lasting performance**, this battery is the ideal solution for professionals and individuals seeking consistent power in remote or demanding environments.
