CARACTERISTICS

PICCOLO GV 4 DC MARINE GENERATOR - 12 KW

Réf. **WP49001605**

Dangerous material : non
Weight : 113,00 kg.
Catalog page : 249

- Model : Piccolo GV 4
- Motor : Kubota V1505
- Weight : 230 kg
- Depth : 560 mm
- Power : 12 kW
- Max. continuous power : 12 kW
- Height : 705 mm
- Width : 990 mm
- RPM : 2200 - 2600 rpm

SPECIFICATION

- Number of PowerCube DC units (sold separately) required with the Piccolo GV 4: 3
- Rated output voltage: 24/48 V DC
- Variable-speed diesel engine
- Outstanding noise and vibration control thanks to a revolutionary internal mounting system and highly effective acoustic shields
- Easy installation with external mounting brackets
- WhisperCare compatible
- The PowerCube DC features a universal 90–264 V AC, 45–65 Hz input, enabling shore-powered battery charging regardless of the local power supply
- When combined with a PowerCube AC inverter, the system provides a stable 230 V AC power supply, whether the generator is running or not
- Complies with Tier 4 EPA and Stage V emissions standards
- Supplied as standard with a DDC remote control panel
