CARACTERISTICS

ENGINE OIL TEMPERATURE SENSOR 150 °C 302 °F / 3/8"-18NPT - INSULATED RETURN / 6,3 X 0,8 MM TERMINAL
Réf. **STI1503818NPT**

- Thread : 3/8"" - 18 NPT
- Model : Engine oil temp
- Measuring range : 0-150°C

Dangerous material : non
Weight : 0,03 kg.
Catalog page : 101

SPECIFICATION

- Durable brass housing
- Measurement output with insulated ground pin
- Metal plate connection
- Measurement range: 0–120 °C or 0–150 °C
- Standard output curves: 120° or 150°
- Minimum response time: 3 minutes
- Protection rating: IP67
