SPECIFICATION

The jockey seat is primarily used on fast or semi-rigid boats, where performance, safety, and shock absorption at sea are essential.

- Seat and backrest made of energy-absorbing (EAF) polyurethane (PU) foam with a Flexanite shell (high-performance technical plastic composite)
- Easy-Fit cover in durable marine vinyl or Cordura fabric

This product includes only the seat cushion and backrest; to create a complete jockey seat, it is necessary to add a Flex suspension (Flex: 225 mm / 9"" – Flex POD: 150 mm / 6"") suited to the vessel, and, if needed, a fixed or adjustable pedestal (8L, A1, and A2 recommended for the FLEX suspension; A3 for the Flex POD) as an additional accessory.
