CARACTERISTICS

COMPLETE PRE-WIRED SHOWER WASTE MANAGEMENT SYSTEM GULPER IC 24V - SG8484

Réf. **WHASG8484**

Dangerous material : non
Weight :

- Diameter : 19 and 25 mm
- Manufacturer's code : SG8484

SPECIFICATION

- Fully automatic: electrical signals are sent to the pump from the Gulley IC, detecting only when water needs to be pumped away
- Compact single shower system saves space by eliminating the need for gravity drainage
- Easy to install and maintenance-free: no moving parts to clog or burn out
- Fast drainage with high capacity up to 19 L/min (5 US Gals/min) with built-in time delay
- Long life performance: self-priming, dry running without damage, and soft start to protect the pump
- Low current switching, reducing risk of switch failure under high loads
- Noise reduction at the gulley for quieter operation
- Complete plug & play kit including Gulper IC electric waste pump and compact Gulley IC with 4 m (13 ft) cable for easy installation
- Certifications: CE, ISO 8849, ISO 15083, ISO 10133, ISO 8846, ABYC H-22, IP45
