Réf. **INERBM**

Dangerous material : non
Weight : 0,41 kg.
Catalog page : 241

- Length : 33 cm
- Width : 33 cm
- Color : Navy blue

SPECIFICATION

Installation:

- The tiles are applied directly to the deck and snap into place. The necessary cut-outs can be made very easily afterwards
- The 9 tiles per m² allow for quick installation with minimal time loss
- INERFLEX can be rolled up for cleaning

Structure:

- Each tile has a system of grooves 3 mm wide and 10 mm deep, ensuring horizontal elasticity
- The slab rests on 429 cylindrical studs allowing it to support approximately 5000 kg/m²
