Dangerous material : non
Weight : 1,48 kg.
Catalog page : 77

- External diameter : 70 mm
- Internal diameter : 50 mm
- Length : 200 mm
- Material : Brass

SPECIFICATION

When purchasing a bronze ring with hydro lubrication, make sure you consider the essential dimensions: the internal diameter of the ring or the diameter of the propeller shaft, the external diameter of the ring and its length.

It is crucial to position your bronze hydrolube ring correctly in the chair or tube to avoid any geometric stress due to possible misalignment in relation to the propeller shaft line.
