- Model : Standard S - Upholstered back - PM
- Weight : 58 kg
- Height : 630/730 mm
- Pedestal diameter : 150 mm
- Seating height : 630/730 mm
- Footrest : yes

SPECIFICATION

The armrests provide ample space for cables and equipment. The easy-to-use buttons for adjusting the seat height and backrest are conveniently integrated into the armrest. Standard adjustments include rotation, gas spring height adjustment, tilt-adjustable armrests and a fold-down footrest. The chair is mounted on a 150mm x 200mm oval column or a 150mm diameter column, creating a solid base for the footrest and seat.

Easy to install and compact in size. Suitable for severe conditions of use
