SPECIFICATION

Polyester resin tube for exhaust systems with external diameters from 38 to 304 mm.

- Material: high-quality polyester resin
- Outside diameters available: from 38 mm to 304 mm
- Standard length: 3 m
- Use: marine exhaust systems
- Resistant to corrosion and extreme marine conditions.

Optimised to last in marine environments, this tube is essential for ensuring that boat exhausts work properly and remain reliable over time.
