

# Detector with integrated float and line monitoring

Réf : **VIGIFLOBSL**

VIGIFLOBSL level detectors with line monitoring ensure the detection of water ingress on board ships.

Classic delivery

**Public price TTC**
**531.83 €**

## CARACTERISTICS

### DETECTOR WITH INTEGRATED FLOAT AND LINE MONITORING

Réf. **VIGIFLOBSL**

**Dangerous material :** non
**Weight :** 0,56 kg.
**Catalog page :** 452

- Homologation : BV and MMF
- Length : 5 m
- Model : Water ingress detector with line monitoring
- Weight : 180 g

## SPECIFICATION

- Integral protection of the float against jamming and mechanical shock
- Integrated test rod for quick testing
- Integrated resistors
- Switching capacity 0.5 A at 24 V
- Cable length: 5 metres, 2 x 0.75 mm2
