CARACTERISTICS

WHITE 3" SINGLE VENTILATION GRILLE
Réf. **47515**

- Model : White
- Color : White

Dangerous material : non
Weight : 0,04 kg.

SPECIFICATION

3"" grille that can be used on its own to ventilate a boot or a compartment. The absence of screws makes the grille more attractive and saves time when fitting it to a sleeve. Application:

- To ventilate a boot: drill a Ø 73 mm hole using a hole saw, apply sealant and push the grille in, forcing slightly.
- To ventilate a compartment, in conjunction with a pipe: the ventilation grille simply clips onto the sleeve-stiffener, without gluing or mechanical fixing.
