SPECIFICATION

Its modular design allows a maximum of 64 inputs /outputs. Its user interface consists of a 7"" color touch screen, enables a clear and precise display of all alarms and controls.

The MACCS product range has been designed and approved to provide the following features:

- Bilge alarm monitoring
- Technical alarm monitoring
- Tanks level measurement
- Analog sensor measurement
- Control of different pieces of equipment: lighting, pumps, valves, fans, etc.

MACCS is fully configurable from the user-friendly touch screen setup menu.
