

WPC Power centre 12V-2000W-100A 230V / 50Hz

Réf : **WP60201001**

The WhisperPower Centre is the ultimate inverter/charger for multifunctional energy systems. It is one of the most efficient and powerful inverters available on the market.

CARACTERISTICS

WPC POWER CENTRE 12V-2000W-100A 230V / 50HZ

Réf. **WP60201001**

Dangerous material : non
Weight : 0,05 kg.
Catalog page : 269

- Charge current : 100 A
- Noise level : 40-45 dB
- Frequency : 50 Hz / 60 Hz (1) +/- 0.05% (crystal control) Hz
- Model : WPC-2000-12
- Weight : 25 kg
- Depth : 150 mm
- Power : 2000 VA
- Max. power : 6000 VA
- Height : 510 mm
- Width : 330 mm
- Output voltage : 230 V AC
- Type of seal : IP21

SPECIFICATION

The WPC can be coupled to a WhisperPower SQ, SC or Genverter AC generator using the generator input. The AC outputs can be connected in parallel, allowing the generator power supply to be supplemented by inverter power.
