**Dangerous material :** oui
**Weight :** 0,40 kg.
**Catalog page :** 443

- Expiration date : Burns for 3 minutes.
- Weight : 0.40 kg
- Color : Orange

## SPECIFICATION

- Signal to be used during the day.
- Burns for 3 minutes.
- Orange colour.
- Pull pull release.
- Visibility : 10 km in good clear weather conditions and little wind.

- Application : to pinpoint your location when rescue forces are on their way. Useful when a plane is above the zone. Just before throwing it to the water, hold the smoke away from yourself and allow a few seconds for the smoke to appear. When some black smoke appears, throw the can in the water, downwind.
