

LIONTRON® LiFePO4 lithium battery LX Smart BMS 25.6 V 100Ah

Réf : **LISMART24100LX**

Liontron LifePO4 batteries are a convenient and durable alternative to 12 V and 24 V lead-acid batteries, offering the benefits of lithium iron phosphate. They are easy to replace and have a long service life. In addition, they are lighter, have a higher energy storage capacity and maintain a stable voltage, even under high load conditions.

CARACTERISTICS

LIONTRON® LIFEPO4 LITHIUM BATTERY LX SMART BMS 25.6 V 100AH

Réf. **LISMART24100LX**

Dangerous material : non

Weight :

- Capacity : 100 A
- Length : 390 mm
- Model : LISMART24100LX
- Weight : 28 kg
- Height : 255 mm
- Width : 233 mm
- Battery technology : Lithium

SPECIFICATION

Liontron Lithium LiFePO4 batteries offer a direct replacement solution for older batteries (lead, AGM and Gel) without the need for installation modifications. Unlike lead-acid batteries, which can withstand a discharge of only 50%, Liontron Lithium batteries can withstand a full discharge of 100%. With a service life of up to 3,000 cycles without loss of performance, these batteries are designed to operate optimally for another 7,000 cycles.
