SPECIFICATION

There is no function on your boat more critical than steering and the PA35 makes steering safe, reliable and effortless.

With safety in mind, the Accu-Steer PA35 is designed to seamlessly revert to manual steering in the event of a power failure, ensuring that you always remain in control.

The Accu-Steer PA35 is suitable for either inboard or outboard applications with steering cylinders up to the Kobelt 7065 series and can accommodate multiple input devices such as the Kobelt 7170 Jog Lever.

- Design for Durability and Reliability
- Easy to Install or Upgrade Existing System
- Supports Multiple Input Devices
- Service Duty: Intermittent - 20% ON / 80% OFF
- Noise emmision: 75 dB(at max pressure)
