SPECIFICATION

The CRI Towing Hook is a series of certified on-load quick release towing hooks with higher quality standard, made for safe and effective towing operations. The hooks are on-load released, and can be released locally or remotely.

- Factory overload tested and certified
- Safety factor 6
- Easy to install
- Easy to use
- Use with rope, wire or steel rings
- On-load release up to full SWL in all working angles
- Little to none maintenance needed
- Re-certified by manufacturer every 5 years

The CRI hooks can be delivered with different horizontal or vertical adapters for fastening with screws or welding directly into the boat. Please contact us if you have any questions or specific requirements.
